NileCart — Refund Policy

NileCart · Effective 1 October 2026 · Version 2.4

1. Refund Methods and Timing

Refunds are issued to the original payment method whenever possible. The table shows the channel and processing time for each payment type. The processing time is counted in business days from the day the refund is approved (after inspection of a returned item, or on approval of a cancellation).

Payment type	Refund channel	Processing time (after approval)
Card (Visa, Mastercard)	Original card	7–14 business days
Meeza card	Original card	7–14 business days
Wallet (FawryPay or mobile)	Same wallet	3–5 business days
COD and Fawry outlet payments	Bank transfer to IBAN	10–15 business days

- Card and wallet refunds go to the original payment method only; we cannot redirect them to another card or wallet.
- For cash on delivery (COD) and Fawry outlet payments, refunds are sent by bank transfer within 10 to 15 business days after refund approval; you must provide your IBAN in the return or cancellation request.
- The processing time starts when the refund is approved after inspection, not when the courier collects the item from you. Approval takes up to 2 business days from the day the item reaches our returns center.
- Business days are Saturday to Thursday, excluding Egyptian public holidays.

2. Partial Refunds, Fees, and Shipping Costs

- Partial refunds: if you return part of an order, the refund covers the returned items only.
- If a promotion required a minimum spend and the return brings the order below that minimum, the promotion value is deducted from the refund.
- If you received a promotional gift with the order and do not return it, its listed value is deducted from the refund.
- Restocking fee: we do not charge any restocking fee.
- Original shipping fee: non-refundable for change-of-mind returns. It is refunded in full when the return is caused by our error (defective or wrong item), when a parcel is confirmed damaged or lost in transit, or when the order is cancelled.
- Free shipping is decided when the order is placed and is not recalculated after a partial return.
- The COD service fee of 25 EGP is not refunded once the parcel has been delivered to you.
- Example 1: you order two items totaling 1,200 EGP delivered to Cairo & Giza, where shipping is free over 500 EGP, and you return one item priced at 500 EGP for change of mind. The refund is 500 EGP minus the 45 EGP return fee, which is 455 EGP.
- Example 2: you order one item for 450 EGP delivered to Cairo & Giza and pay 45 EGP shipping (the order is below the 500 EGP free-shipping threshold). If you return it for change of mind, the refund is 450 EGP minus the 45 EGP return fee, which is 405 EGP, and the 45 EGP shipping fee is not refunded. If the item was defective, the refund is 495 EGP (450 EGP plus the 45 EGP shipping fee) with no return fee.

3. Refund Timeline from Receipt of the Item

1. Day 0: the returned item arrives at our returns center and is scanned in against your return request number.
2. Within 2 business days of receipt: our team inspects the item against the condition requirements and approves or rejects the refund. You receive an email with the decision either way.
3. On approval: the refund is released to the payment channel in the Refund Methods table, and the stated processing time starts from that day.
4. You receive a refund confirmation email with a reference number as soon as the refund is released to your bank or wallet.

- If the item fails inspection, we ship it back to you free of charge and explain the rejection reason by email.
- Rejected returns do not enter the refund timeline; a new request can be opened if the rejection reason is resolved.
- Refunds for approved cancellations skip the returns-center steps and are released directly, since there is no item to inspect.

4. What to Do If Your Refund Is Late

- First, wait the full processing window for your payment method (up to 14 business days for cards, 5 for wallets, and 15 for COD and Fawry outlet bank transfers), counted from the refund approval email.
- Check that the refund was approved: the approval email is sent within 2 business days of the returns center receiving your item, so a missing email may mean the item has not arrived yet.
- If the window has passed, contact support@nilecart.example with your order number and the refund reference number from the approval email.
- We reply within 1 business day with the bank or wallet trace reference; card refunds that banks hold can take up to 30 days on the bank's side in exceptional cases.
- If a bank transfer refund still has not arrived 30 days after approval, we escalate it with our payment partner and keep you updated every 3 business days until it is resolved.
- Refunds are only issued for orders placed and paid through NileCart; keep your order number as proof for any refund discussion.
