NileCart — Returns and Replacement Policy

NileCart · Effective 1 October 2026 · Version 2.4

1. Return Window and Eligible Items

You can request a return within 30 days of the delivery date, except clearance items (7 days) and electronics (14 days). The window starts on the day the courier marks the order as delivered.

- Eligible items: unused products in their original condition, including all accessories, manuals, and promotional gifts that came with the order.
- Electronics covers phones, tablets, laptops, cameras, audio devices, and their accessories, as labeled on the product page.
- Clearance items are products permanently reduced in price and marked with a Clearance badge; their price tag shows the reduced price.
- Change-of-mind returns are allowed for all eligible items; the customer pays the return shipping fee (see the costs section).
- Defective and wrong items follow the same return windows (30 days; electronics 14 days; clearance 7 days) and the defect rules in the costs section.
- Items bought with a promotion are refunded at the price actually paid after the promotion, not the list price.

2. Non-Eligible Items and Condition Requirements

- Not eligible unless defective: hygiene products such as underwear, earrings, and opened cosmetics; sealed media and software once unsealed; custom or personalized orders made to your specifications; plants and perishables.
- Not eligible in any case: items returned without their original packaging, tags, or accessories; items showing signs of use, washing, or damage caused after delivery; gift cards.
- Condition requirements: the item must be unused, unwashed, and undamaged, with all original tags attached.
- Include the original packaging: product box, branded bag or sleeve, fillers, and all documentation and accessories that arrived in the parcel.
- Include proof of purchase: the order number or the delivery receipt email is required with every return.

Q: Can I return a used item?
A: No. Items that have been used, washed, or worn are not eligible, unless the item is defective. A defective item is handled under the defect rules and is never treated as a used-item return.

Q: Can I exchange an item instead of returning it?
A: Yes. Eligible items can be exchanged once for the same product in a different size or color through a replacement request; see the replacement rules section.

3. Return Shipping Costs and Replacement Rules

- Change of mind: the customer pays the return shipping. A flat fee of 45 EGP is deducted from the refund in every delivery zone, and our courier collects the parcel from your address, so you do not need to arrange a courier yourself.
- Defective item: return shipping is free. We send a prepaid SwiftShip pickup label, and the original shipping fee is refunded together with the item price.
- Wrong item sent: the same rules as a defective item apply: free prepaid return shipping and a full refund of the item price plus the original shipping fee.
- Replacement rules: a replacement ships free of charge within 3 to 5 business days after we receive and inspect the returned item.
- If the same item is out of stock, you can choose a full refund to the original payment method instead. If you prefer to wait, we notify you when it is back in stock, provided it returns within 14 days; otherwise you receive the full refund.
- Exchanges are limited to one exchange per item, for size or color of the same product.
- There is no restocking fee on any return.

4. How to Start a Return

1. Log in to your NileCart account, open the order, and click Request Return within the return window for your items.
2. Select the item or items, state the reason (change of mind, defect, or wrong item), and attach photos for defect claims.
3. Wait for approval: we review requests within 1 business day and email the return instructions or the prepaid label.
4. Have the item ready for pickup (or ship it with the prepaid label) within 3 business days of approval, packed in its original packaging with all accessories and the order receipt.
5. Refund or replacement is processed after we receive and inspect the item at our returns center; inspection takes up to 2 business days from receipt.

- Start every return from your account page so it is linked to your order number; returns sent without an approved request number may be rejected at the returns center.
- Keep a photo of the parcel and the courier receipt until your refund or replacement is completed.
- For change-of-mind returns, our courier collects the parcel from your address and the flat 45 EGP fee is deducted from the refund.
