NileCart — Shipping Policy

NileCart · Effective 1 October 2026 · Version 2.4

1. Delivery Zones and Shipping Fees

We deliver to five zones inside Egypt. The fee for your order is set by the governorate of your delivery address. Fees are per order, in Egyptian pounds (EGP).

Zone	Shipping fee	Free-shipping threshold
Cairo & Giza	45 EGP	Orders over 500 EGP
Alexandria	55 EGP	Orders over 600 EGP
Delta	65 EGP	Orders over 700 EGP
Upper Egypt	80 EGP	Orders over 800 EGP
Remote Areas	120 EGP	Orders over 1,000 EGP

- The Delta zone covers Sharqia, Dakahlia, Gharbia, Monufia, Qalyubia, Beheira, Kafr El-Sheikh, and Damietta.
- The Upper Egypt zone covers Beni Suef, Fayoum, Minya, Assiut, Sohag, Qena, Luxor, and Aswan.
- Remote Areas include Marsa Matruh, the Red Sea and South Sinai coasts, North Sinai, the New Valley, and the western oases. The checkout page marks your address automatically if it falls in a remote district.
- The free-shipping threshold is calculated on the merchandise subtotal after discounts and before the shipping fee itself.
- Your zone and fee are always shown at checkout before you pay, and the fee is charged once per order even if the order ships in more than one parcel.
- The shipping fee is non-refundable for change-of-mind returns. It is refunded in full when the return is caused by our error (defective or wrong item), when a parcel is confirmed damaged or lost in transit, or when the order is cancelled. See the Returns and Replacement Policy and the Refund Policy.

2. Carrier and Dispatch

Parcels are dispatched with SwiftShip Egypt. Orders addressed to Remote Areas are handed to Egypt Post after processing.

- The carrier is assigned automatically by zone and cannot be chosen at checkout.
- Every dispatched parcel is insured by its carrier (SwiftShip Egypt, or Egypt Post for Remote Areas) against loss while in the carrier's custody, up to the full order value.
- A signature or a one-time delivery code is required on every delivery, including COD orders.
- SwiftShip couriers wear a branded uniform and carry a courier ID card; ask to see the ID card before handing over any cash.
- Once a parcel is with the carrier, NileCart does not redirect it except as described in the Delivery Policy.
- If you miss all delivery attempts, the parcel is held for 7 business days at the nearest SwiftShip branch (or Egypt Post office for Remote Areas) before being returned; see the Delivery Policy for details.

3. Order Cut-off Time and Processing Time

- Order cut-off: 2:00 PM Cairo time, Saturday to Thursday. An order confirmed before the cut-off is accepted for processing that business day; an order confirmed after the cut-off is accepted on the next business day.
- Processing means picking, packing, and handing the parcel to the carrier. The parcel is dispatched 1 to 2 business days after the day the order is accepted; transit time is counted separately in the Delivery Policy.
- Example: an order confirmed at 11:00 AM on Saturday is accepted on Saturday and dispatched on Sunday or Monday. An order confirmed at 4:00 PM on Saturday is accepted on Sunday and dispatched on Monday or Tuesday.
- Business days are Saturday to Thursday. The store and its carriers do not process or dispatch orders on Fridays or on Egyptian public holidays.
- An order placed on Friday, or on Thursday after the cut-off, is accepted on Saturday, the next business day.
- You can change the delivery address free of charge within 2 hours of placing the order by contacting support@nilecart.example.
- You receive an order confirmation email and SMS within minutes of placing the order; if you do not receive them, check your spam folder before contacting support.
- Processing may take 1 extra business day during seasonal sale events.

4. Tracking and International Shipping

- A tracking number is sent by SMS and email within 4 hours of dispatch.
- Track your parcel on the SwiftShip Egypt website using the tracking number; the link in the SMS opens the tracking page directly. Parcels to Remote Areas use the same tracking number and page.
- Typical tracking statuses are: Order Processed, Dispatched, In Transit, Out for Delivery, Delivered, Failed Attempt, and Held at Branch. Failed Attempt and Held at Branch appear only when delivery does not succeed.
- If the tracking status shows no movement for 48 hours, contact support@nilecart.example with your order number so we can open a carrier investigation.
- The tracking page shows an estimated delivery window only after the parcel reaches the Out for Delivery status.
- Keep the tracking number until the parcel is delivered and accepted; it is required for any claim about a delayed or lost parcel.

NileCart does not offer international shipping. Orders can only be delivered to addresses inside Egypt.
